

# Content Moderation Policy

Effective Date: October 28, 2025

1. **Purpose.** The purpose of this policy is to ensure that all AI-generated and user-submitted content produced, hosted, or distributed by Unnecessary Media, LLC (the “Company”) complies with applicable laws, ethical standards, and payment processor requirements regarding adult content.

This policy is designed to prevent the creation, upload, or distribution of illegal, non-consensual, or harmful material, and to ensure that all adult content is lawful, consensual, and age-verified.

2. **Scope.** This policy applies to all:
  - AI-generated content produced by the Company systems; and
  - user-submitted content, including prompts, uploads, and text or visual inputs.
3. **Prohibited Content.** The Company strictly prohibits any material that includes, represents, or promotes the following:
  - Child Sexual Abuse Material (CSAM) or any depiction of minors (real or simulated);
  - non-consensual sexual activity or “deepfake” depictions of real individuals without documented consent;
  - revenge pornography, doxxing, or harassment;
  - bestiality, incest, necrophilia, or extreme violence;
  - human trafficking, exploitation, or coercion;
  - illegal activity, including the sale or promotion of controlled substances, weapons, or fraudulent services;
  - hate speech, discrimination, or terrorist content; and
  - copyrighted or trademarked material reproduced without permission.

All detected or suspected violations will result in immediate content removal and account suspension, pending further review.

4. **Age and Consent Verification.** All creators, contributors, and users interacting with adult content must be 18 years of age or older. Identity and age verification are conducted using approved verification services (e.g., government ID and “selfie” match). Non-consensual or unverified likenesses of identifiable individuals are strictly prohibited.
5. **Moderation and Review.** A human moderation team may review content flagged as high-risk. Content of uncertain legality may be subject to immediate removal and account

suspension. The Company further reserves the right to submit findings to law enforcement as may be required by applicable law.

6. **User Reporting and Enforcement.** Users may report any content that violates this policy by emailing us at [support@unnecessary.ai](mailto:support@unnecessary.ai). Reports are typically reviewed within 24 to 48 hours by the moderation team. Confirmed violations result in content removal and may include account suspension or termination and may be reported to law enforcement if required by law.
